

How to publish post in Siebel Expert Panel

1. Register with us.

2. The default role is “Subscriber”.
3. Mail us contact@siebeloracle.com to change your role to author.
4. Once role will be upgraded.

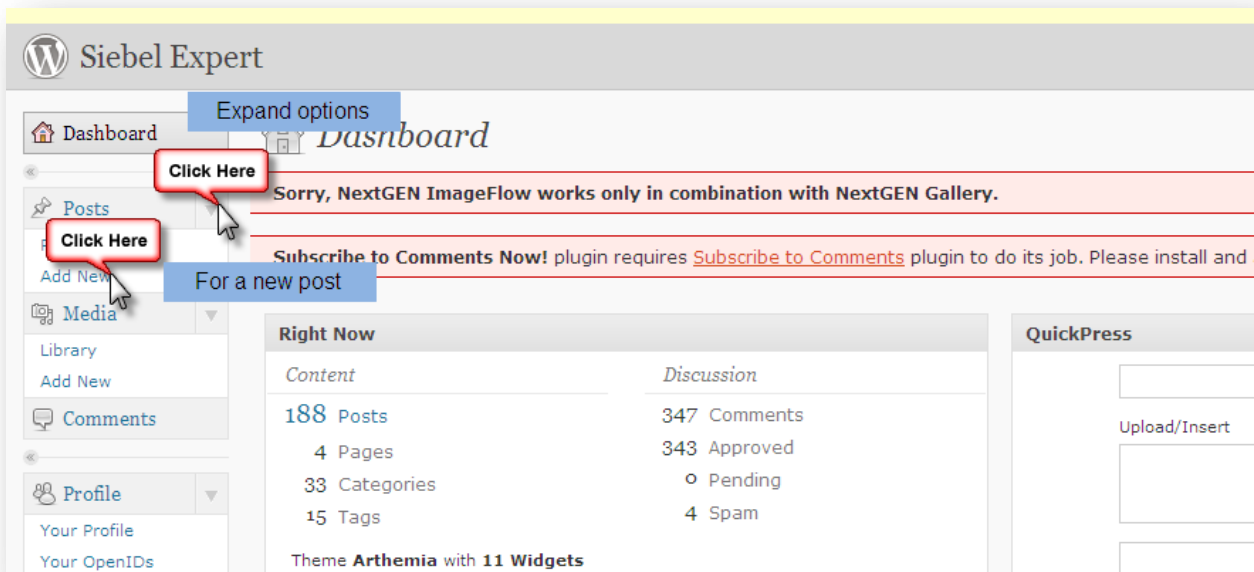

5. Please login

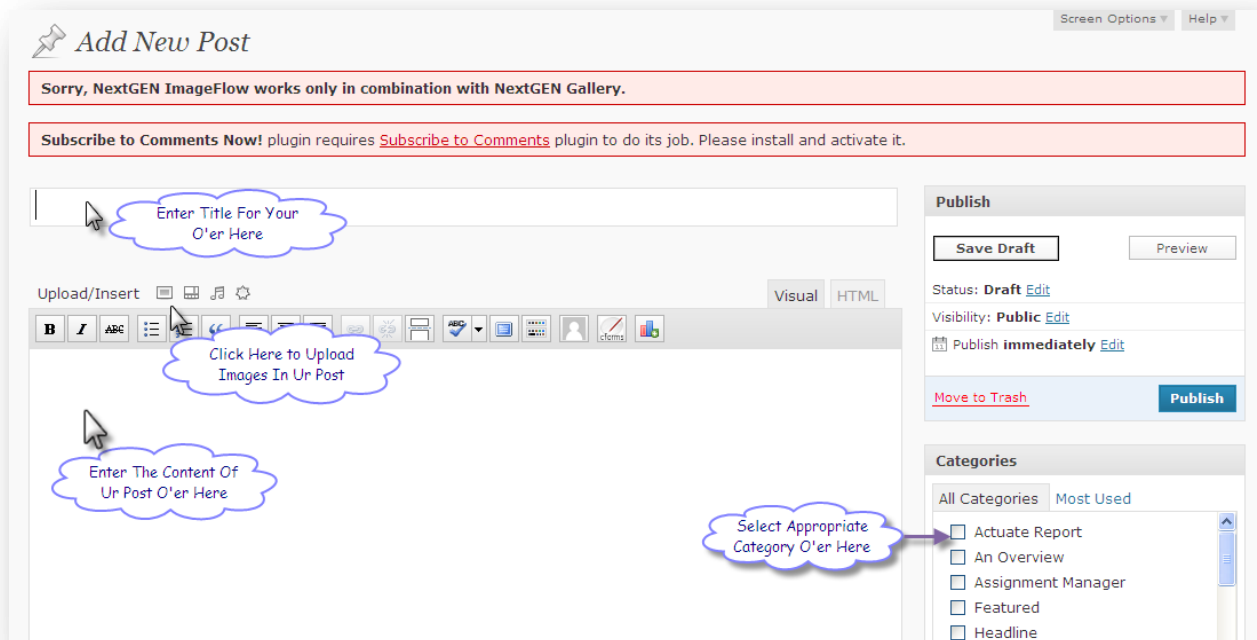

- You will get below window, Type Username/pwd and CAPTCHA Code to login.

- After successful login, You will get into toolbar

8. You can expand option by clicking side button.
9. Click on “Add new” for writing new post
10.
 - i) Title of post: Please use a small title. This should contains keywords which can help post to get top ranking in search engine
 - ii) Please select category from right sidebar, you can select multiple categories if applicable. **Don’t use “Headline” and “Featured” category.**
 - iii) Write the text in lower box.
 - iv) You can upload picture by clicking a button and follow instruction while uploading.
 - v) You should save draft by clicking “Save Draft” button in **Publish** window in right side.
 - vi) In Publish window in right side, Preview button will help you to see how this will appear in website. **Don’t use “Publish” button until you are completely done.**

11. Using advance settings
 - i. Permalink can be edited as per best keywords
 - ii. You can use **Read More** functionality. Best practice is to write a small introduction about the post and then show more line then rest of the article. This will help you to have only few liner introduction of the post in main page and rest can be achieved by clicking the article.

Add New Post

Sorry, NextGEN ImageFlow works only in combination with NextGEN Gallery.
